

Content still required to complete the SAC website

The website is complete. Every page and section is built and working. What is listed below is the **content** that has not yet been supplied — documents, written text, names and photographs. None of this is a technical task.

01 Documents to be provided

All 12 categories exist on the website with no files in them. These are existing office documents — they need collecting and handing over as PDFs, not writing afresh.

☐ SAC Constitution / Guidelines	SAC office → Web team
☐ Office Orders	SAC office → Web team
☐ Faculty In-Charge Orders	SAC office → Web team
☐ Club Recognition Guidelines	SAC office → Web team
☐ Event Guidelines	SAC office → Web team
☐ Sports Rules	SAC office → Web team
☐ Student Participation Forms	SAC office → Web team
☐ Reimbursement Forms	SAC office → Web team
☐ Equipment Issue Forms	SAC office → Web team
☐ Annual Reports	SAC office → Web team
☐ Event Reports	SAC office → Web team
☐ Achievements Reports	SAC office → Web team

02 Written text

The reform brief names these headings but supplies no wording. Two to four paragraphs each, approved by the President, SAC.

☐ Vision of the Student Activity Centre	SAC office
☐ Mission of the Centre	SAC office
☐ Role of the SAC	SAC office
☐ History and evolution of the SAC	SAC office
☐ Contribution towards holistic student development	SAC office

03 People

The President and all faculty committee members are already published. These are missing entirely.

☐ Coaches and trainers Name, sport or activity, qualification, experience, training schedule and photograph — around ten in service.	SAC office
☐ Student leadership General Secretaries, club coordinators, captains and vice-captains, with the activity each holds.	Coordinators
☐ Official contact for each activity One email or telephone number per activity — the Contact column of the faculty table is empty for all 42.	SAC office
☐ Official email address for the SAC office	SAC office

04 Records for activities and events

Every page is built and waiting. These are the records that fill them.

☐ Coach, captain, squad, practice schedule and results for each activity	Coordinators
Empty for all 42 activities. Best collected once from each coordinator at the start of a session.	
☐ Recruitment details for each club	Coordinators
Who can join, the selection process, when recruitment happens, the student coordinator and a registration link.	
☐ Year-wise record for each major event	Event teams
No year filled in for any of the 9 events. One recent year per event is enough to make the archive useful.	
☐ Details for each facility	SAC office
Photographs, location, timings, rules and contact person — empty for all 15 facilities.	

05 Achievements and photographs

☐ Competition, organisation, position, date and photograph for each result	SAC office
Missing for all 22 results, along with their category. The record also stops at 2023.	
☐ Which academic session each existing photo set belongs to	Web team
5 sets currently group under "Session not recorded".	
☐ Photographs and short videos from the current session	Coordinators
The video gallery is empty. A title and a link is enough for each video.	

06 Kept up to date from now on

These are not one-off tasks. They are the routine that stops the site going stale — the problem the reform was written to solve.

☐ The events calendar	Coordinators → Web team
Date, time, venue, organiser, eligibility, registration and contact for each programme.	
☐ A report for every completed programme	Coordinators → Web team
In the standard format below. This is what builds the activity archive and the annual report.	
☐ Announcements — notices, trials, selections, registrations	Coordinators → Web team
The only four on file are from 2022–23.	
☐ The Annual SAC Report	SAC office
None published. Earlier reports should remain downloadable.	

07 Standard submission format for a completed event

From §20 of the reform brief. Every completed programme should reach the web team in this form.

☐ Event Name	☐ No. of Participants
☐ Date	☐ Brief Report
☐ Venue	☐ Results
☐ Organiser	☐ Achievements
☐ Faculty Coordinator	☐ 5–10 Photographs
☐ Student Coordinator	

President SAC	Faculty In-Charges	Club/Activity Coordinators	SAC Web Team
Overall approval	Verification of respective activity information	Submission of updates	Uploading and maintenance
